For more information on our speakers, please see the attached *Speaker Profiles*

1.00 pm to 2.30 pm - Pre-forum Workshop

This session is for those contemplating self-insurance. Speakers will present on factors to consider when assessing:

- recent developments and choice of Scheme
- financial viability of moving to self-insurance
- WHS implications
- required skill base to support a high performance workers' compensation model
- self-insurance licence and legislative obligations

2.30 pm - Afternoon Tea

3.00 pm to 5.30 pm - Main Forum; information sharing across the self-insured sector

This session is for those looking to improve workers' compensation performance, consider options and ensure legislative compliance. Speakers will present on a range of topics:

- measuring the success of your self- insurance program
- legal implications, advice and positioning to prevent disputes
- case studies which demonstrate what can be done and what must be done in regards to WHS
- identifying claims at risk of becoming costly and of long duration
- techniques to simplify processes before investing in technology or outsourcing solutions
- case study to demonstrate Xchanging's use of technology to improve response time

5.30 pm - Post-forum drinks and networking
