Need a guest speaker for a team/staff/leadership/executive meeting, event or conference?

ASC Training & Development are pleased to announce a promotional activity that brings our expertise to your business for **FREE**.

We would like to offer a 1 hour presentation to SISA members on **'How to give an effective presentation'**. We will come to your workplace.

Tony was an engaging and very 'real' presenter – his brief was to offer our Managers some challenges and tips concerning the preparation and delivery of 'creative presentations' – and he did just that. A number of Tony's ideas were put into practice a week later when various of the attendees presented at a peer workshop...their presentations showcased a fresh approach – and it was clear this came from what they learned at Tony's workshop.
