

QBE & EML'S 2017 Thought Leadership Series Presents 'Taking a Stand Against Workplace Bullying'

Damian and Rae Panlock established Brodie's Law Foundation in memory of their 19-year-old daughter, Brodie, who tragically took her own life in September 2006 after being relentlessly bullied at work. Victoria's anti-bullying legislation, known as Brodie's Law, commenced in June 2011 and made serious bullying a crime punishable by up to 10 years in jail.

Brodie's Law has changed perception about the serious nature of bullying and the damaging consequences it may have. Brodie's Law aims to raise awareness of the issue of workplace bullying and help prevent it through awareness programs, public speaking, lobbying to streamline the law in other states and working together with workplaces, unions, government and education sectors. This is all to ensure organisations are taking appropriate actions to reduce the risk of bullying and create a positive culture.

Brodie's Story will be followed by an interactive panel, including Rae & Damian Panlock, Legal Representative and Technical Claims Manager.

You can support Brodie's Law Foundation by purchasing a wristband(\$2) a badge(\$5) or by making a donation. QBE & EML will proudly match the total collected up to a value of \$5,000 each
