- course learning materials
- assessments
- certification upon successful completion

Comments from previous learners about this course

The format and forum of this type of session was far superior to my previous training at another training provider. Refreshing and also good networking. I especially like the healthy approach and getting the core basics done right.

Well-presented course.

Overall brilliant day. Lots of great information.

Very enjoyable and informative.

Very interactive.

Easy learning and understanding. Very patient.

Developing the audit tool was very useful to help understand what to look for when asked to review procedures and how to start thinking.
